

13th December 2016

Dear Parents,

Year 5 will be visiting Jodrell Bank Discovery Centre on Tuesday 31st January 2017.

This exciting day is directly linked to our Science topic for next half-term, Earth and Space and will include two workshops.

The workshops will provide the class with an opportunity to develop and apply their scientific enquiry skills in the unique setting of Jodrell Bank Discovery Centre. In the Solar System workshop, pupils will work collaboratively to complete a series of experiments. In the Tim Peake's Mission Workshop the children will participate in hands-on experiments, rocket demonstration and see space equipment and videos from the International Space Station.

The children will leave school by coach at 9.00am and will return in time for 3.15 pm. A packed lunch is required for each pupil, including a drink. Please ensure that the lunch and drink are in a **named, disposable bag**. If your child normally has a school lunch on this day then one will be provided by our catering staff.

The cost of the trip is £12.70 which includes the cost of the workshops and transport.

Please do not hesitate to contact us if you have any questions regarding the details of the visit. We will look forward to an enjoyable and exciting day.

Yours sincerely,

Mrs Petrie
