

## Focus on.....Year 4

On Monday afternoons, we have our Love Music Trust lessons, and we are becoming much more confident when playing our instruments. Our music teacher is very impressed with our progress and in a couple of weeks we will be performing for parents and other classes in the school!

Our trip to the Catalyst Discovery Centre last week was fantastic and the children loved learning about Science in the Glorious Gases workshop which took place in a real-life laboratory, complete with lab coats and goggles. Later, there was lots of fun to be had in the hands-on experimental interactive zone and then it was back to the lab to learn about how to be a scientist. It was such a fun day!

In ARTIS we have been thinking about what life was like for the Ancient Greeks and this week we have explored what it would have meant to be a successful Olympian. In Computing, we have used data-loggers to record the changes in light and sound in different parts of the school. The results were very interesting!

## Time to Reflect

by Mrs Davies

The gospel focus for this week is Matthew 25:14-30. It reminds us to think about the many different talents we all have. Sometimes we don't use our talents wisely, or for the benefit and help of others just like the servants in the story. We may even look at the talents that God has given to others and think that God hasn't given us very much. We might even be tempted to hide our talent. Help us to use the talents that we have been given and be what God intended us to be.

## Dinner Money Increase

Cheshire East Catering have this week advised us that they are increasing their prices significantly with effect from January 2024, and therefore we will have to increase the cost of paid school dinners to cover this increase. The cost of a child's school dinner will increase to £2.65 per day from 1<sup>st</sup> January 2024. School dinners should be paid for in advance via ParentPay. Children in Reception, Year 1 and Year 2 are still entitled to Universal Free School Meals. Pupil Premium children throughout KS2 are also entitled to free school meals. If you think your child is eligible for free school meals, please go to our school website and follow the link to apply directly with Cheshire East Council. ## Forest Schools

Year 4 had a fabulous time in Forest School, spending part of the morning using their orienteering skills to find the answers to Maths problems and the other half of the time building their very own Iron Man. The children worked in teams, using natural resources from the school grounds to build two incredibly large iron giants and they even created their own music to go with it. They were all very grubby but had a great time!

Reception also had Forest Schools this week and had a great time investigating the outside area.

## House Points

We will be sending home our 'Travelling Cribs' again as part of our Advent celebrations starting on Monday 4th December. If you are to host the Travelling Crib during this time, please share it with your family and, if possible, take a photo and email it into school. Please make sure the complete bag is returned to school the next day so that it can travel to the next host family. Many thanks and we hope you enjoy your time with the Travelling Crib.
