

Annual Governance Statement

St. Vincent De Paul Catholic Primary School

Purpose of this Governance Statement

This governance statement has been prepared and published by the Governing Body of St. Vincent De Paul Catholic Primary School

(hereafter referred to as the Governing Body) in compliance with our duty to report on the ways in which we have fulfilled our obligations and responsibilities relating to (i) our overarching duty to conduct St. Vincent De Paul Catholic Primary School (the School) in accordance with its Catholic character and (ii) our core functions (which are explained below) during the 2021-2022 academic year.

A list of serving Governors is set out at **Appendix 1**.

Role of the Governing Body

As the Governing Body of a Catholic school, our overarching responsibility lies in ensuring that the School is conducted in accordance with its Catholic character at all times, and this overriding duty (which is also a legal duty) permeates everything that we do. Further, in accordance with our legal obligations, the Governing Body endeavours to operate at a strategic level leaving the Head Teacher and senior school leaders responsible and accountable to us for the operational day-to-day running of the School. It is by achieving these aims that we can be sure that our School has effective governance.

The three core functions of the Governing Body are:

1. Ensuring clarity of vision, ethos and strategic direction;
2. Holding the Head Teacher to account for the educational performance of the School and its pupils, and for the internal organisation, management and control of the School, including performance management of staff; and
3. Overseeing the financial performance of the School and making sure its money is well spent.

As an integral part of the vision for the holistic formation of children and young people Canon law (Church law) also requires that Catholic schools (which includes academies) are "...at least as academically distinguished as that in the other schools of the area" (806§2) and the Governing Body are mindful of this requirement in all that we do.

Scope of Governing Body's Responsibilities

The Governing Body acknowledges that we have overall responsibility for ensuring that the School has an effective and appropriate system of control, financial and otherwise. However, such a system is designed to manage rather than eliminate the risk of failure to achieve our objectives, and can provide only a reasonable (as opposed to absolute) assurance against material misstatement or loss.

The Governing Body has delegated the day-to-day responsibility to the Head Teacher for ensuring financial controls conform with the requirements of both propriety and good financial management.

Governance Arrangements

Composition of the Governing Body

The Governing Body is made up of 8 Foundation Governors †, 2 Staff Governors (including the head teacher), 2 Parent Governors, 1 Local Authority Governor and 1 Co-opted Governor*.

† Foundation Governors are appointed by the Bishop of the Diocese in which the school is situated. The Bishop not only appoints his Foundation Governors because of their particular skills, but, more importantly, for the strict purpose of ensuring, on his behalf, the Catholic character of the School. Foundation Governors are also under important legal duties to preserve and develop the School's Catholic character. In order to ensure that the School's Catholic character is protected and that it is being conducted in accordance with the tenets of its Catholic designation, Governing Bodies of Catholic schools and academies must always have a majority of Foundation Governors.

The Diocesan Bishop is canonically responsible for his schools and academies. He ensures that the Catholic ethos of the school/academy is maintained, particularly through the appointment of Foundation Governors, but also through overseeing the appointment of members of staff and through Diocesan inspection, in order to ensure that the school/academy is fulfilling the objects cited in its Instrument of Government/Articles of Association and the trust deed under which the school/academy was established.

* Co-opted Governors are appointed by the Governing Body and are people who, in the opinion of the Governing Body, have the skills required to contribute to the effective governance and success of the school/academy. On our Governing Body the Co-opted Governor is a staff member.

Governing Body's work this year and Governors attendance at full Governing Body meetings

Over the past year, the Governing Body has focused on continuing to improve outcomes for all of the school's community, in the light of the challenges to the curriculum and assessment due to COVID-19. This has included evaluating the school's performance in relation to pupil results and the quality of teaching - via remote teaching and in the classroom. We have continued to prioritize safeguarding and keeping our pupils safe especially in lockdowns. We have discussed school policies which have been updated and then ratified by the Governing Body.

Much of the Governors' work since March 2020 was around COVID-19, home learning and risk assessment on wider opening. Governors visit school as often as they are able or meet virtually on TEAMS. Each Governor is linked to a specific areas of the curriculum; they meet with different members of staff as appropriate; conduct the Head Teacher's performance management process. Since March 2020 Governors meetings have been via Teams with occasional risk assessed visits to school. The Curriculum Committee has discussed pupils' progress in Mathematics and English. Each term there has been a special focus at each Curriculum committee meeting to inform and update Governors regarding the many developments – this year emphasis has been on the updated Relationship and Sex Education Policy- RSE and the design of the school's curriculum. Since January 2021 focus was again on home learning.

The Finance, Premises and Personnel Committee has carefully managed the school's budget and spending on additional items such as lighting, the playground, broadband and new kitchen devices. They have been involved in recruitment of staff. The Appraisal process and pay progression proposals have been monitored. The pay policy was updated and ratified by the Governing Body.

All Governors have been very involved The Child Protection policy which has been reviewed and updated to reflect the revised Government guidance in 'Keeping Children Safe in Education'. Safeguarding has continued to be a priority and child protection issues are reported to the committee and the appropriate measures are taken.

The full Governing Body has met four times during the year.

Overall Governors have excellent attendance at Governing Body meetings.

Individual Governors' attendance during the year at Governing Body meetings can be found in **Appendix 2**.

Review of Value for Money

The Governing Body has used its resources to provide good value for money during the academic year and has assessed where value for money can be improved including the use of benchmarking data where available.

The Risk and Control Framework

The School's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability, where appropriate. In particular it includes: –

- Comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the Governing Body;
- Regular reviews by the [Finance, Premises and Personnel Committee] of reports which indicate financial performance against the forecast and of major purchase plans, capital works and expenditure programmes;
- Setting targets to measure financial and other performance;
- Clearly defined purchasing (asset purchase or capital investment) guidelines;
- Delegation of authority and segregation of duties;
- Identification and management of risks.

Capacity to handle risk

The Governing Body regularly reviews the key risks to which the School is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks.

Review of effectiveness

The Governing Body has responsibility for reviewing the effectiveness of the systems in place in the School to identify and manage risk and plan to address any weaknesses (if relevant) and ensure continuous improvement of the system is in place.
